

Notification of Hazardous Waste Site

United States
Environmental Protection
Agency
Washington DC 20460

This initial notification information is required by Section 103(c) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 and must be mailed by June 9, 1981.

Please type or print in ink. If you need additional space, use separate sheets of paper. Indicate the letter of the item which applies.

773

A Person Required to Notify:

Enter the name and address of the person or organization required to notify.

Name Ford Motor Company
Street 966 South Mississippi River Blvd.
City St. Paul State MN Zip Code 55116

B Site Location:

Enter the common name (if known) and actual location of the site.

Name of Site Ford Motor Co. - Steam Plant
Street 966 South Mississippi River Blvd.
City St. Paul County Ramsey State MN Zip Code 55116

C Person to Contact:

Enter the name, title (if applicable), and business telephone number of the person to contact regarding information submitted on this form.

Name (Last, First and Title) Sussman, V.H., Director
Phone (313) 323-2896 Stationary Source Environmental Control Office

D Dates of Waste Handling:

Enter the years that you estimate waste treatment, storage, or disposal began and ended at the site.

From (Year) Unknown To (Year) 1966

US EPA RECORDS CENTER REGION 5

484416

E Waste Type: Choose the option you prefer to complete

Option 1: Select general waste types and source categories. If you do not know the general waste types or sources, you are encouraged to describe the site in Item I—Description of Site.

General Type of Waste:

Place an X in the appropriate boxes. The categories listed overlap. Check each applicable category.

1. ☒ Organics
2. ☒ Inorganics
3. ☒ Solvents
4. ☐ Pesticides
5. ☐ Heavy metals
6. ☐ Acids
7. ☐ Bases
8. ☐ PCBs
9. ☐ Mixed Municipal Waste
10. ☐ Unknown
11. ☒ Other (Specify)

Source of Waste:

Place an X in the appropriate boxes.

1. ☐ Mining
2. ☐ Construction
3. ☐ Textiles
4. ☐ Fertilizer
5. ☐ Paper/Printing
6. ☐ Leather Tanning
7. ☐ Iron/Steel Foundry
8. ☐ Chemical, General
9. ☐ Plating/Polishing
10. ☐ Military/Ammunition
11. ☐ Electrical Conductors
12. ☐ Transformers
13. ☐ Utility Companies
14. ☐ Sanitary/Refuse
15. ☐ Photofinish
16. ☐ Lab/Hospital
17. ☐ Unknown
18. ☒ Other (Specify)
Automotive Manufacturing and Finishing

Option 2: This option is available to persons familiar with the Resource Conservation and Recovery Act (RCRA) Section 3001 regulations (40 CFR Part 261).

Specific Type of Waste:

EPA has assigned a four-digit number to each hazardous waste listed in the regulations under Section 3001 of RCRA. Enter the appropriate four-digit number in the boxes provided. A copy of the list of hazardous wastes and codes can be obtained by contacting the EPA Region serving the State in which the site located.

Notification of Hazardous Waste Site**Side Two****Waste Quantity:****Facility Type****Total Facility Waste Amount**

Place an X in the appropriate boxes to indicate the facility types found at the site.

In the "total facility waste amount" space give the estimated combined quantity (volume) of hazardous wastes at the site using cubic feet or gallons.

In the "total facility area" space, give the estimated area size which the facilities occupy using square feet or acres.

1. ☐ Piles
2. ☐ Land Treatment
3. ☒ Landfill
4. ☐ Tanks
5. ☐ Impoundment
6. ☐ Underground Injection
7. ☒ Drums, Above Ground
8. ☒ Drums, Below Ground
9. ☐ Other (Specify) _____

cubic feet Unknown

gallons _____

Total Facility Area

square feet _____

acres 4.0

Known, Suspected or Likely Releases to the Environment:

Place an X in the appropriate boxes to indicate any known, suspected, or likely releases of wastes to the environment.

☐ Known ☒ Suspected ☐ Likely ☐ None

Note: Items Hand I are optional. Completing these items will assist EPA and State and local governments in locating and assessing hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

Sketch Map of Site Location: (Optional)

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.

See attached.

Description of Site: (Optional)

Describe the history and present conditions of the site. Give directions to the site and describe any nearby wells, springs, lakes, or housing. Include such information as how waste was disposed and where the waste came from. Provide any other information or comments which may help describe the site conditions.

Unknown quantities of excavated partially burned wastes which consisted of congealed paint from spray booths, solvents and cleaners were disposed of in this area in 1962 and 1966. The site is a natural low land adjacent to the Mississippi River. The area is approximately 500 feet from the river bank.

Revision Dated August 1, 1983

During wastewater treatment plant construction during the summer of 1983, another smaller fill area was discovered in vicinity of the steam plant located near the Mississippi River. This area was excavated in July 1983, and all observed paint sludge removed to a secure hazardous waste landfill for off-site disposal. It is believed that the waste paint sludge encountered in this area was the result of an isolated disposal incident which occurred in 1966.

Signature and Title:

The person or authorized representative (such as plant managers, superintendents, trustees or attorneys) of persons required to notify must sign the form and provide a mailing address (if different than address in item A). For other persons providing notification, the signature is optional. Check the boxes which best describe the relationship to the site of the person required to notify. If you are not required to notify check "Other".

Subject: Revision to EPA Notification of Hazardous Waste Site
Ford Twin Cities Assembly Plant

Gentlemen:

Attached is a revised Notification of Hazardous Waste Site form and partial property plan amending our previously revised form T-58, dated October 13, 1983, submitted as required under provisions of Superfund.

Please be advised that the previously submitted form T-58 should be substituted with the attached pages, which have been revised to include another smaller fill area in which waste paint sludge was discovered during ongoing wastewater treatment plant construction.

The enclosed drawing shows the location of this new area. In conjunction with construction in vicinity of the steam plant, the highlighted inactive fill area has been excavated and all observed paint sludge removed to a secure hazardous waste landfill for off-site disposal.

Yours truly,

R. M. Major
Plant Manager
